Section 4-7 Penalties

The City Council may provide in ordinances adopted by it for the punishment of violations thereof. No such petition need be on one paper, but may be the aggregate of two (2) or more petition papers identical as to contents, except as to signatures. A referendum petition shall clearly identify the ordinance or part thereof and ordinance number it proposes to have repealed. Such petition shall be filed with the Clerk.

Section 4-13 Canvass by Clerk

Upon filing with the Clerk of any initiatory or referendum petition, the Clerk shall canvass the signatures thereon to determine whether said petition contains a sufficient number of signatures of registered electors of the City. - C. In either case, determine to submit the proposal to the electors.

Section 4-15 Submission to Electors

Should the Council decide to submit the proposal to the electors, it shall be submitted at the next election held in the City for any other purpose, or, in the discretion of the Council, at a special election called for that purpose. In the case of an initiatory petition, if no election is to be held in the City for any other purpose within one hundred and fifty (150) days from the time the petition is presented to the Council and the Council does not adopt the ordinance, then the Council shall call a special election within sixty (60) days from such time for the submission of the initiative proposal. The result shall be determined by a majority vote of the electors voting thereon, except in cases where otherwise required by the general laws of the State of Michigan. If two (2) or more ordinances adopted at the same election shall have conflicting provisions, the provisions in the ordinance receiving the highest number of affirmative votes shall govern.

Section 4-16 Limitation on Amendment or Repeal of Initiatory or Referendum Ordinances

An ordinance adopted by the electorate through initiatory proceedings may not be amended or repealed for a period of two (2) years after the date of the election at which it was adopted, and an ordinance repealed by the electorate may not be re-enacted for a period of two (2) years after the date of the election at which it was repealed.

A public hearing on the budget shall be held thereon before its final adoption by the City Council at such time and place as is required by law. Thereafter, but not later than May 15 of each year, the City Council shall, by resolution, adopt a budget for the ensuing fiscal year, make appropriations therefor, and, after realistic consideration of probable other revenues, determine and declare the amount of money necessary to be raised by property taxation. Should the Council fail to adopt a budget for the next fiscal year on or before May 15, the budget proposal as recommended to the Council by the City Manager shall be deemed to have been finally adopted by the Council, and shall constitute an appropriation of the money needed for Municipal purposes during the next fiscal year, and shall be deemed legal authority for a levy of the amount necessary to be raised by taxes upon real and personal property subject to the provisions of Section 8-1. If any budget adopted in this manner requires an amount to be raised by taxes upon property in excess of the limitation provided in Section 8-1 the budget and appropriations and each item thereof shall be adjusted by the City Manager to conform to such limitation.

Section 7-5 Budget Bonds

Any capital improvement items contained in the budget upon five affirmative votes of the Council, may be financed by the issuance of bonds as a part of the budget system, provided that the amount of such bonds together with the taxes levied for the same year shall not exceed the limit of taxation authorized by law.

Section 7-6 Transfer of Appropriations

After the budget has been adopted, no money shall be drawn from the treasury of the City, nor shall any obligation for the expenditure of money be incurred, except pursuant to a budget appropriation. The Council may transfer any unencumbered appropriation balance or any portion thereof from one department fund, or agency, to another. The Council may make additional appropriations during the fiscal year for emergency purposes or for unanticipated and urgently needed purposes, provided such appropriations shall not exceed the amount by which actual or anticipated revenues of the year are exceeding the revenues as estimated in the budget, or expenses are proving less than anticipated, or a combination thereof. The Council may make additional appropriations from any available and unencumbered funds, although not budgeted.

Section 7-7 Budget Control

At the beginning of each quarterly period during the fiscal year, and more often if required by the Council, the Manager shall submit to the Council data showing the relation between the estimated and actual income and expense to date, and if it shall appear that the income is proving insufficient, the Council, on the recommendation of the Manager, may reduce appropriations for any item or items, except amounts required for debt and interest charges, to such a degree as may be necessary to keep expenditures within income. The Manager may provide for monthly or quarterly allotments of appropriations to departments, funds or agencies under such rules as he or she shall prescribe.

Section 7-8 Depository

The Council shall designate the depository or depositories for City funds, and shall provide for the daily deposit of all City moneys.

Section 7-9 Independent Audit and Report

An independent audit shall be made of all accounts of the City Government at least annually and more frequently if deemed necessary by the Council. Such audit shall be made by certified public accountants. If a State audit is required by law, the Council, by resolution, may declare that it takes the place of the audit required in this section. An annual report of the City's business, including an abstract of the annual audit, shall be made available to the public in such form as will disclose pertinent facts concerning the activities and finances of the City government.

Section 7-10 Receipts and Payment of Money

All moneys shall be received by the City Finance Director regardless of source. Unless otherwise provided by law or by ordinance, all moneys drawn from the treasury shall be drawn pursuant to the authority and appropriation of the Council. The Council, upon the recommendation of the City Manager, where necessary to expedite operating procedures, may authorize, by resolution, designated officers and employees of the City to make minor disbursements from petty cash accounts, which disbursements shall be accounted for and shall be audited by the Finance Director. Checks for the expenditure of City funds shall be signed by the Manager and Finance Director, or such official as may be designated by the Council. Checks may be issued prior to authorization by the Council for such purposes and up to such amounts as the Council shall provide by ordinance. All such checks and the purpose thereof shall be reported to the Council at its next regular meeting.

Section 7-11 Deferred Payment Contracts

The City may enter into installment or lease-purchase contracts for the acquisition or sale of real or personal property or capital equipment. Each such contract shall not extend over a period greater than twenty (20) years. All such deferred payments shall be included in the budget for the year in which the installment is payable. The total unpaid principal of all such contracts shall not exceed one percent of the equalized valuation of all real and personal property in the City subject to taxation as most recently determined.

Section 7-12 Investment of City Funds

Idle moneys may be invested according to the general laws of the State as the City Council may determine.

Section 7-13 Purchasing and Contracts

Uniform and centralized purchasing and contracting procedures shall be developed and maintained by the City Manager with the approval of the Council. Competitive bids shall be required by the Council where practical and contracts awarded when deemed in the best interests of the City. Power shall be reserved, however, to reject any or all bids. The Council may authorize the construction or repair of public improvements by the City work force. The power to contract on behalf of the City is hereby vested in the City Council, but the City Manager shall have power to bind the City as to routine or operational items. No contract shall be made with any person, firm or corporation who is in default to the City and not contesting such status.

Section 7-14 Improvement Funds

The City may establish and maintain funds, including revolving funds, for special assessment projects or other improvements, for the purpose of accumulating moneys to be used for financing, making, acquiring, extending, altering, or repairing public improvements. Moneys so accumulated may be transferred, encumbered or otherwise disposed of only for the purpose for which accumulated unless otherwise determined and declared by formal resolution of the City Council, and then only for the purpose of making some other public improvement.

CHAPTER 8 TAXATION

Section 8-1 Power, Limitation and Subjects of Taxation

The City shall have the power to assess taxes and to levy and collect rents, tolls, and excises, and including all powers now or hereafter granted to cities by the State of Michigan. Exclusive of any levies authorized by law to be made beyond Charter tax rate limitations, the annual ad valorem tax levy shall not exceed 2.0 percent of the equalized assessed value of all real and personal property of the City. The subjects of ad valorem taxation for Municipal purposes shall be the same as for State, County, and school purposes under the general laws. Except as otherwise provided in this Charter, City taxes shall be assessed, levied, collected and returned in the manner provided by statute. No exemptions from taxation shall be allowed except as expressly required or permitted by law.

Section 8-2 Assessment Roll

Between tax day and the first meeting of the Board of Review in each year, the City Assessor shall make and complete an assessment roll in the manner and form provided in the general tax law.

Section 8-3 Board of Review

The Board of Review shall consist of three (3) taxpaying electors of the City who are owners of property assessed for taxes in the City and, at the time of their appointment, are not either elected or appointed officials of the City. They shall be appointed by the Council to serve three (3)-year staggered terms subject to the pleasure of the Council. Each term shall commence as of January 1. The Board shall select its own Clerk, who may be the City Assessor. They shall meet and complete their work as required by law. Their compensation shall be fixed by Council.

Section 8-4 Notice of Meeting

The Assessor shall cause notice of the date, time and place of the annual meeting of the Board of Review to be published at least one (1) week prior thereto in a newspaper widely circulated in the City. In each case in which the assessed value of real property is increased or decreased from the previous year, the Assessor shall give notice thereof to the owner shown on the assessment roll by regular mail not later than the second day following the first meeting of the Board, giving the time and place of its second meeting. Failure to give or receive the notices provided in this section shall not invalidate the roll or any assessment thereon.

Section 8-5 Duties and Procedures of Board of Review

The Board of Review shall have power to correct or amend said assessment roll and to increase or decrease any assessment or valuation of taxable property, may strike therefrom any property wrongfully listed or add any property rightfully taxable, either on its own motion or at the request of any person. Any person considering himself or herself aggrieved by reason of any assessment may complain thereof either verbally or in writing or by authorized representative to said Board. The Board may establish reasonable regulations for the conduct of its hearings, require the filing of a brief written statement of the arguments by those appealing to it, require the appellant to appear in person and otherwise provide for the expediting of its work. The concurrence of a majority of the membership of said Board shall be necessary to decide any question. The Assessor shall make any changes, additions, or corrections to said roll directed by the Board of Review. Thereupon said Board shall complete and adopt the roll and a majority thereof shall endorse the same as provided by law. When so endorsed, said roll shall be conclusively presumed by all courts to be valid and shall not be set aside except for causes mentioned in the general laws. The omission of the endorsement or any other formality herein prescribed shall not affect the validity of the roll. A summary report of the assessment roll shall be delivered to the City Council by the Assessor immediately thereafter.

Section 8-6 Assessment of Taxes

The Assessor shall take said roll, thus completed and adopted, and prepare a "City Tax Roll" by spreading thereon rateably to each person or property assessed the funds required to be raised by property taxation by the terms of the annual appropriation resolution adopted by the City Council or by the terms of other valid procedures.

Section 8-7 Warrant

Upon delivering said City tax roll to the Finance Director, the Assessor shall annex thereto his or her warrant over his or her signature, commanding the Finance Director to collect from the several persons named in said roll the several sums mentioned therein and enforce payment as provided herein or by general law.

Section 8-8 Lien and Persons Liable

All taxes thus assessed shall become a debt due the City as provided by general law and, as of July 1 of the year of assessment, the said taxes with any applicable charges, fees or penalties shall become a lien, paramount to all other claims, encumbrances or liens, upon the property against which they are assessed until paid.

Section 8-9 Statement to Taxpayers

Upon receipt of said City tax roll, the Finance Director shall proceed to collect the taxes. He or she shall prepare and mail to each taxpayer, at his or her last known address on the tax roll, a statement or billing showing the description of the property, the assessed valuation, and the tax payable, but the failure to send or receive such statement shall not prejudice the validity of the tax on the right and duty to collect or enforce payment thereof.

Section 8-10 Collection Fees and Interest

The City taxes provided for by this chapter shall be assessed and levied prior to July 1, in each year, shall become payable on that date, and shall be collected on or before the 20th day of August in each year, and if so paid no collection fee shall be charged. As of August 21 of each year a collection fee of four (4) percent shall be charged, and on the 21st day of each month thereafter an interest charge and penalty of one (1) percent in addition shall be charged, and when paid said charges shall be placed in the General Fund of the City. The City Council may, by ordinance, establish a system for the installment collection of said taxes extending not more than one year and provide for the collection of reasonable interest or collection fees thereon and of penalties for the late payment thereof.

Section 8-11 All Taxes Other Than City

For the purpose of assessing and levying taxes in the City for all purposes other than City taxes, the City shall be considered the same as a township and, except as otherwise provided in this Charter, all provisions for State law relative to the collection of such taxes, the accounting thereof to the appropriate taxing units, and the returning of delinquent taxes to the County Treasurer for collection shall apply and the City Finance Director shall have all of the powers and duties in connection therewith of township treasurers.

Section 8-12 Failure to Pay Personal Property Tax

If any person, firm or corporation shall neglect or refuse to pay any personal property tax assessed to him or her or them, the Finance Director shall collect the same by seizing the personal property of such person, firm or corporation to an amount sufficient to pay such tax and applicable fees together with charges for subsequent sale costs, wherever the same may be found in the State, and from such seizure no property shall be exempt. He or she may sell the

property seized to an amount sufficient to pay the taxes and all charges in accordance with general law. If otherwise unable to collect a tax on personal property, the Finance Director may sue therefor the person, firm or corporation to whom it is assessed.

Section 8-13 Jeopardy Assessment of Personal Property Taxes

Whenever the proper conditions exist, the Finance Director shall accelerate the date on which personal property taxes shall be collected, as provided by general law.

Section 8-14 Failure to Pay Real Estate Taxes

All City taxes, including assessments, interest or other charges, upon real property remaining uncollected by the Finance Director on March 1st following the date when said amounts became payable, or one year thereafter in case an installment collection ordinance applies thereto, shall be subject to one of the following procedures:

- A. The real property against which such taxes, assessments, interest or other charges have been assessed shall be subject to sale and redemption for the enforcement and collection thereof in the manner which may be provided by ordinance. The Council is hereby empowered to adopt an ordinance providing for the sale and redemption of real property for such unpaid taxes, assessments, interest and other charges by sale conducted by the City Finance Director, with a redemption period as provided for sales by county treasurers, and foreclosure of the lien and perfection of the sale by petition duly filed in the Circuit Court for Manistee County, followed by a decree or order thereof.
- B. If no such ordinance is adopted and in effect, then such taxes, assessments, interest and other charges shall be returned to the County Treasurer in the manner provided by law for returns by township treasurers for township, County and school taxes, and the same shall be collected in the same manner by the County Treasurer, and shall remain a lien upon the property against which they are assessed or chargeable until paid.

Section 8-15 Inequitable Assessment or Tax

If it shall be found, at any time, that any property has been subjected to a substantially inequitable assessment or tax, as by reason of errors so that the same amounts to a constructive fraud upon the taxpayer, and if the City Attorney shall prepare and file a written memorandum indicating that, under current statutes and case law, relief would be granted by a court of competent jurisdiction, then the City Council may so determine and declare by resolution without requiring the commencement of court proceedings, and any necessary adjustment may be taken from the General Fund of the City.

Section 8-16 Tax Clearances

No warranty deed for the transfer of real estate or any interest therein shall be received or recorded by the Register of Deeds for the County of Manistee unless all City taxes and assessments on the property described therein, then due and payable, have been paid. It shall be the duty of the City Finance Director or such other agency as the City Council may designate, upon request and after the payment thereof, to furnish a certificate that all such taxes and assessments have been paid, and such certificate shall be filed with the Register of Deeds when the document is submitted for record. A fee to be fixed by the City Council may be charged for issuing the certificate.

CHAPTER 9 SPECIAL ASSESSMENTS

Section 9-1 Power to Assess

The City Council shall have the power to determine, with or without a petition therefor, that the whole or any part of the expense of any public improvement or repair shall be defrayed by special assessment upon the parcels or property especially benefitted and so declare by resolution. Such resolution shall state the estimated cost of the improvement, what portion of the cost shall be paid by special assessment, what portion, if any, shall be a general obligation of the City, the number of installments in which assessments may be paid, and the interest to be charged, and designate the districts or land and premises upon which special assessments shall be levied.

Section 9-2 Procedure Ordinance

The City Council shall prescribe by general ordinance the complete special assessment procedure to be used, including the preparing of plans and specifications, estimating costs, conducting a public hearing on construction necessity following at least ten (10) days notice, the preparation, hearing, correction and confirmation of the special assessment roll, the collection of special assessments, the assessment of single lots or parcels, the apportionment of assessments if land is divided, and any other matters concerning the making of improvements by the special assessment method. Said ordinance shall authorize additional assessments if the prior assessment proves insufficient to pay for the improvement and costs incident thereto or in case of invalidity in whole or in part, and it shall provide for the refund of excessive assessments, provided that if the excess is less than five (5) percent of the total cost it may be placed in the General Fund of the City.

Section 9-3 Assessment Lien

From the date of confirmation of any assessment or reassessment roll the same shall constitute a lien upon the respective lots or premises assessed and shall also be a charge against the person to whom assessed until paid, and, in case of delinquency, may be enforced by addition to any later return to the County Treasurer of regular taxes or by suit against such person.

Section 9-4 Contest of Assessment

No suit or action of any kind shall be instituted or maintained for the purpose of contesting or enjoining the collection of any special assessment or reassessment (a) unless, within thirty (30) days after the confirmation of the special assessment roll, written notice is given to the City Clerk for attention of the City Council indicating an intention to file such suit or action and stating the grounds on which it is claimed such assessment is illegal and (b) unless such suit or action shall be commenced within sixty (60) days after the confirmation of the roll. If the City Attorney submits a written opinion finding said roll illegal, in whole or in part, the City Council may revoke its confirmation, correct the illegality if possible, and reconfirm the same as amended, provided that no property which is not involved in the illegality shall be assessed more than was imposed upon the original confirmation without further notice.

CHAPTER 10 BORROWING

Section 10-1 General Power

Subject to the provisions of this Charter and to the applicable provisions of law as the same are now or may hereafter be enacted, the City may borrow money for any purpose within the scope of its powers, and may issue bonds or other evidence of indebtedness therefor. Such bonds or other evidence of indebtedness shall include but not be limited to:

- A. General obligation bonds which pledge the full faith and credit of the City for the payment thereof.
- B. Special assessment bonds which are issued in anticipation of the payment of special assessments for public improvements in a special assessment district or combination thereof, which bonds may be either an obligation of the special assessment districts or district, or both an obligation of such district and a general obligation of the City.
- C. Revenue bonds as authorized by law.
- D. Mortgage bonds for acquiring, owning, purchasing, constructing, improving or operating of any public utility which the City is authorized by law to finance in this manner, or for such other purposes as may be authorized by law.

- F. Calamity bonds issued in case of fire, flood or other calamity as authorized by law.
- G. Bonds for the City's share of the cost of local improvements, which bonds may be issued as a part of, or independently of, any issue of special assessment bonds which are issued for the same improvement or improvements.
- H. Bonds for refunding indebtedness of the City.
- I. Budget bonds as authorized elsewhere herein.
- J. Time-purchase contracts as authorized elsewhere herein.

The net bonded indebtedness incurred for all public purposes shall not at any time exceed ten (10) percent of the equalized assessed valuation of all real and personal property in the City as defined and computed pursuant to general law. All limitations, procedures and approvals required by general law shall be faithfully followed.

Section 10-2 Use of Borrowed Funds

Each bond or other evidence of indebtedness shall contain on its face a statement of the purpose for which the same is issued and no officer of the City shall use the proceeds thereof for any other purpose, except that, whenever the proceeds of any bond issue, or part thereof, is unexpended

and unencumbered for the purpose for which said bond issue was made, the City Council may authorize the use of such unexpended and unencumbered fund in the following order:

First, for an additional extension or improvement of the facility or project for which the bond issue was made.

Second, for the retirement of such bond issue.

Third, if such bond issue has been fully retired or funds are segregated which are adequate for such purpose, then for the retirement of other bonds or obligations of the City.

Fourth, if there is no other indebtedness, or funds are segregated which are adequate for such purpose, then for such other purposes as may be permitted by law.

Section 10-3 Special Assessment Collections

All collections on each special assessment roll or combination of rolls, in anticipation of which bonds have been issued, shall be set apart in a separate fund (but not necessarily a separate bank account) and shall be used for the purpose for which levied and for the payment of the principal of and interest on such bonds. If there is any deficiency in a special assessment fund to meet the payment of the principal and interest to be paid therefrom, moneys shall be advanced from the General Fund of the City to meet such deficiency and shall be replaced in the General Fund when the special assessment fund shall be sufficient therefor.

Section 10-4 Execution of Bonds

All bonds issued by the City shall be signed by the Mayor and countersigned by the City Clerk, and shall bear the corporate seal of the City. Said signatures may be by facsimile if permitted by law. Any attached coupons may be signed with the facsimile signature of the City Clerk.

Section 10-5 Bond Record

The City Clerk shall keep a detailed record of all bonds and other evidence of indebtedness. Upon payment of the same the Clerk shall mark them "cancelled" and keep them until their destruction is permitted by general law.

CHAPTER 11 UTILITIES, FRANCHISES AND PERMITS

Section 11-1 General Powers of City Respecting Utilities

The City shall possess and hereby reserves to itself all the powers granted to cities by law to acquire, construct, own, operate, improve, enlarge, extend, repair, maintain, encumber, convey, dispose of, or sell, either within or without its corporate limits, public utilities, including but not by the way of limitation, aeronautical facilities, hospitals and public utilities for treating and supplying water and for supplying light, heat, power, gas, sewage treatment, garbage disposal, public transportation and facilities for the storage and parking of vehicles and marina, port and harbor facilities for boats and ships, or any of them; and also to sell and deliver the products or services thereof, both within and without its corporate limits. The power to supply said utility

services as herein possessed and reserved, shall include the power to extract, process, manufacture, transport or purchase the same from others. No public utility owned and operated by the City may be sold unless the proposition shall first have been approved by a majority vote of the electors voting thereon.

Section 11-2 Rates

The City Council shall have the power to fix, from time to time, such rates and other charges as may be deemed advisable for supplying the inhabitants of the City and others with such public utility services as the City may provide. Higher rates may be charged for service outside the corporate limits of the City.

Section 11-3 Collection-Utility Rates and Charges

The Council shall provide by ordinance for the collection of all public utility rates and charges of the City. Such ordinance may provide at least:

- A. Except as otherwise provided by law, the City shall have as security for the collection of such utility rates and charges a lien upon the real and personal property supplied by such utility, which lien shall become effective immediately upon the supplying of such utility service and shall be enforced in the manner provided in such ordinance.
- B. The terms and conditions under which utility services may be discontinued in case of delinquency in paying such rates or charges.
- C. That suit may be instituted by the City in any court of competent jurisdiction for the collection of such rates or charges.
- D. With respect to the collection of rates, the City shall have all the powers granted to cities by any statute of the State.

Section 11-4 Accounts and Finances

Separate accounts shall be kept for each public utility owned and operated by the City. Such accounts shall be classified and made in accordance with generally accepted municipal utility accounting practice. Charges for all services furnished to, or rendered by, other City departments or agencies shall be recorded. An annual report shall be prepared to show fairly the financial position of the utility and the results of its operations, which report shall be on file in the office of the City Clerk for inspection.

Section 11-5 Granting of Public Utility Franchise

All irrevocable public utility franchises and all renewals and extensions thereof and amendments thereto shall be granted by ordinance only. No franchise shall be granted for a longer period than thirty (30) years. No franchise ordinance which is not subject to revocation at the will of the Council shall be enacted nor become operative until the same shall have first been referred to the people at a regular or special election as provided by general law. This requirement shall be deemed to have the same limits of applicability as is accorded the franchise requirements in the State Constitution and general laws.

Section 11-6 Conditions of Public Utility Franchise

All public utility franchises granted after the adoption of this Charter, whether it be so provided in the granting ordinance or not, shall be subject to the following rights of the City, but this enumeration shall not be exclusive or impair the right of the Council to insert in such franchise any provision within the power of the City to impose or require:

- A. To repeal the same for misuse, non-use or failure to comply with the provisions thereof;
- B. To require the proper and adequate extension of plant and service and maintenance thereof at the highest practicable standard of efficiency;

- F. To use, control and regulate the use of its streets, alleys, bridges and public places and space above and beneath them;
- G. To make independent audit and examination of accounts at any time, and to require reports annually.

The City Council shall cause to be instituted such actions or proceedings as may be necessary to prosecute a public utility company for violations of its franchise, the City Charter, or ordinances, and may revoke, cancel, or annul all franchises granted by the City which for any reason have become inoperative, illegal or void.

Section 11-7 Regulation of Rates

All public utility franchises shall make provision therein for fixing rates, fares and charges and may provide for readjustments thereof at periodic intervals. The value of the property of the utility used as a basis for fixing such rates, fares and charges shall in no event include a value predicated upon the franchise, goodwill or prospective profits.

Section 11-8 Joint Use Permitted

Every such public utility may be required by the City to permit joint use of its property and appurtenances located in the streets, alleys and other public places of the City by the City and by such other utilities insofar as such joint use may be reasonably practicable and upon payment of reasonable rental therefor. In the absence of agreement and upon application by any public utility, the Council shall provide for arbitration of the terms and conditions of such joint use and the compensation to be paid therefor, and the arbitration award shall be final.

Section 11-9 Revocable Permits

Temporary permits for public utilities, revocable at any time at the will of the City Council, may be granted by the City Council by resolution on such terms and conditions as it shall determine, provided that such permits shall in no event be construed to be franchises or amendments to franchises. All said temporary permits shall be subject to the right of the City to make independent audit and examination of accounts at any time and to require reports annually or at more frequent intervals as prescribed by resolution of the City Council. When the City Council deems it in the public interest, such permits may be exclusive.

Section 11-10 Acquisition by City-Condemnation

The City shall have the right to acquire by condemnation or otherwise the property of any public utility in accordance with the general laws of the State, provided that the price to be paid shall in no event include any value predicated upon the franchise, goodwill or prospective profits.

Section 11-12 Existing Franchises and Permits Remain in Effect

All franchises and permits to which the City of Manistee is a party when this Charter becomes effective shall remain in full force and effect in accordance with their respective terms and conditions.
